

We offer you plenty of choices in lodging. You can stay in a camper, tent, dorm room, or private room. It is your home away from home, with two fully equipped kitchens to cook your favourite meal or store your take away from any of the many nearby restaurants. It is a relaxing

environment with several trees, grass and birds singing all around you. Some of you will sleep late and then have a leisurely breakfast outside in the sun, and then maybe go out in the evening for dinner.

Others of you will want something special for breakfast and then use our braai (BBQ) and have dinner with some of the new friends you made here at Desert Sky.
